

WANTED... TRAINEE SKI INSTRUCTORS

In a new initiative, Arbroath Ski Club invites applications for a programme to qualify as a ski instructor.

Have you got what it takes?

- If you have spirit, a taste for adventure and enjoy a challenge, this is for you.
- We plan to recruit a group of trainee instructors, aged 14+ to undertake their BASI Level 1 examination either in July 2018 or July 2019, depending on age and ability (candidates are required to be 16 before sitting their BASI Level 1). If you have a keen interest in snowsports and would like the opportunity to develop a career in ski instructing then this is a great opportunity. Whether you are already an accomplished skier or completely new to skiing is irrelevant as you will benefit from a comprehensive training programme before taking your British Association of Snowsport Instructors (BASI) Level 1 examination.
- Training on the artificial ski slope at RM Condor, Arbroath, the Club will work with you to develop your skills and help all candidates achieve the required level within the period of the programme.
- A 100% subsidy of a candidate's costs for the BASI Level 1 Alpine Ski Instructor Examination course – a total cost of £660 per candidate – is offered.
- Applications are invited from adults and juniors. Full details of the training programme and on-line application form can be viewed by clicking on the hyperlinks below.

The closing date for applications is 19 June 2017.
